We claim for WALTHAM WATCHES more points
of excellence than are found in those of any other
manufacture. This is especially the case with those
made for ladies' use. In their construction every care
is taken to insure correct performance, and, although
of small size, they are remarkably substantial; in this
respect they essentially differ from the great majority
of small foreign watches, which are so slightly made
that their use, as time-keepers, must be very short and
limited. The gold cases for these watches are of great
variety, from the perfectly plain to the most elaborately
ornamented. Every taste and purse can be suited. An
examination of our assortment, which is by far the
largest in the country, is respectfully solicited, and to
those at a distance we will send our Illustrated Cata-
logue, on application by mail or otherwise. Please
state that you saw this notice in Harper's Bazar.
